You can also notice the moon, at the tip of the second hand, turning counterclockwise around the Earth exactly like it goes in reality.

This watch has a special movement entirely produced in the Raketa Watch Factory (in Saint Petersburg) which makes the hands turn counterclockwise (movement No. 2615R). If you wind-up the movement manually, it is necessary to turn the crown towards you (i.e. contrary to the usual direction). When you set the time, it is necessary to turn the hands counterclockwise.

Co. conducted a successful Kickstarter campaign from 18 Feb to 19 March 2020 by raising an amount of CA\$ 187,462 (\$129,529 USD) to fund the initial mass [\[FIND MORE DETAILS\]](#)
